This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

* This is the district assigned to Sardius Blodget—and may be the whole County.

† Nine Townships are not returned—Fifteen townships are returned.

‡ Four Townships are not returned.

§ These two returns do not mention of what county they are, but as there is no return expressly for Bennington, it is supposed that they belong to that County.

 State of Vermont—Manufacturing Establishments with the annual Manufactures, as returned by the Marshal.

Furnaces	8 blast furnaces making	986 tons ware	at	$ 100 per ton	$ 98,600	$ 122,000		
	2 air do do	260 tons pig Iron,	at	90 per do	23,400			
Forges,	26 forges do	817 do Iron		120 per do	98,040	113,640		
		104 do refined Iron		150 per do	15,600			
Cut Nails	67 manufactories do	144 do of nails		240 per do		64,560		
Trip-hammers,	65 trip hammers do	annually work valued at				78,574		
Paper,	11 mills do	23,350 reams,	at	3 per ream		70,050		
Oil	26 mills do	50,637 gallons	at	1 per gallon		50,637		
Spirits	125 distilleries do	173,285 do	at	75 cts per gallon		129,963	75	
Tanneries	205 tanneries, preparing	773 tons of leather	at	$ 500 per ton		386,500		
Fulling mills	166 fulling mills, do	942,960 yards cloth	at	25 cts per yard		235,740		
Carding machines	139 machines, carding	798,500 pounds wool	at	6 cts per pound		47,910		
Woollen Cloth		1,207,976 yards	at	75 cts per yard		905,982		
Linen do		1,859,931 do	at	35 cts do		650,975	85	
Cotton do		131,326 do	at	30 cts do		39,397	80	
Mixed do		191,426 do	at	38 cts do		72,741	88	
Looms	14,801 looms, weaving on an average 240 yards each, are 3,552,240 yds at 8 cts per yard					284 179	20	
Spinning Wheels	67,756 spinning wheels, spinning on an average 70 skeins each are 4,742,920 skeins at 4 cts per skein					189,716		
Spinning Jennies	23 spinning Jennies with 804 spindles, average 70 skeins each, are 56,280 skeins at 3 do per skein					1,688	40	
Hats	96,760 hats	averaging $ 2 per hat				193,520		
Boots	65,580 pair boots	do 3 per pair				196,740		
Shoes	238,700 pair shoes	do 75 cents per pair				179,025		
Saddles and Harness	work of this kind made to the amount of					127,840		
Cabinet work	ditto	do				118.450		
Maple sugar	1,200,000 pounds	at 10 cents per pound				120,000		
Potashes	1,500 tons	at $ 100 per ton				150,000		
						$ 4,499,850	88	

ADDITIONAL.

Marble saw mills, 1 containing 100 saws—20,000 feet annually sawed and polished at 50 cents per foot ($10,000

REMARKS.

* The account of Maple Sugar, manufactured, was only taken in Eight counties as appears. From those the total amount made in the State, has been estimated according to the population of the different counties, by the Marshal, who considers that it is made as generally in one part of the State as another.——Pounds 3,023,806——Value $302,280.
